My dear Friend,

I have to thank thee for a most delightful and interesting & valuable letter two about a month ago - I should be glad to answer it somewhat in its own tone & way, but I am not competent, - and I wish to catch this post to shake hands with thee on the glorious news of the decision of Congress that has just reached us - It is very wonderful & we feel very thankful for it & for all the manifestations of improvement that are taking place with regard to the Colored People and we shall look for still more for we cannot expect that the North could all at once renounce their position of abetters

of slavery. And you will like
to hear Alice on the subject.
My account of working how I
was most interesting - but I
must not now enter on it -
Hope Mary Isabella will be
better & that then will
have strength given them
for service over the full
fruition of your labours.
I enclose a bill on London
for £16. of which please
hand £10.10 to the American
Anti. Slavery Soc. as a little
help to keep up the Standard
till it is no longer needed.
Mrs Stone are £2. for the
Standard subscription for
2 copies for the Edinburgh
Ladies' Emancipation Society

And for the Liberator
